

The United Adjunct Faculty Association (UAFA) at East-West University

Rush Hour Picket Protest

Thursday, July 22 at 4-6PM at 816 South Michigan Avenue

Adjunct faculty members at East-West University will picket the university's main entrance at 816 S. Michigan Ave on Thursday, July 22 at 4-6PM. Join the UAFA in its protest against the discriminatory mass firing of adjunct faculty as they were scheduled to vote for labor union representation with the Illinois Education Association chapter of the National Education Association.

This direct attack on adjunct faculty members (the largest workforce) at EWU is extreme and strikes a mighty blow against students! It is an outrageous violation of our country's long-standing labor laws. It is also grossly offensive to experienced adjunct professors who have worked for many years educating students and helping East-West University grow into a respected member of Chicago's higher education community.

Please help us fight against East-West University administration's anti-union activities.
